TAKING A SWIM IN LITTLE FALLS

Posted March 10th, 2022 for all Lambano Academy students

March 10th, 2022, Johannesburg— Swimming has been a common summer sport loved by most learners if not all, at Lambano Academy. This is one of the sports that the school has invested in because it enhances the great minds of children and improves their mood and self-esteem as all the children come from different environments with various challenges.

Lambano Academy have been paying to utilize the municipal swimming facilities which had a disadvantage of lack of lifeguards and janitorial staff. That resorted to the school approaching the Little Falls Pleasure Resort, situated around the same region as the school.

The resort agreed to seal a deal with the school and came to their aid by providing swimming lessons and lifeguards for learners when they are using the swimming pools and there is also an advantage of finding the facility clean at all times as there are janitorial staff employed.

About Lambano Academy: info@lambanoacademy.co.za based in Roodepoort, Johannesburg. A Christian school founded by Mrs. Noluthando Nyandeni in 2021.
